```c
#include<stdio.h>
#include<string.h>

int main()
{
    char *ptr="Hello";
    char str[]="Good";

    printf("\nThe Length Of Hello Is %d\n",strlen(ptr));
    printf("The Length Of Good Is %d\n",strlen(str));
    printf("The Length Of Morning Is %d\n",strlen("Morning"));

    return 0;
}
```
